

## Change Notice

## Change of Support Pin Material for RoHS Compliance

The new specifications will supersede all previous information.

Type of Change:

- Engineering
- Part Number
- Product
- Appearance

**G Toggles**

**G Rockers**

**GW Rockers**

**GW Paddles**

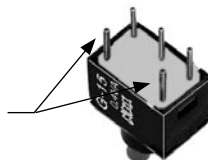

Support pins finish has been changed to comply to RoHS standards. The change applies to the series as shown above and only for single pole devices with straight PC terminals: G Toggles, G Rockers, GW Rockers and GW Paddles. It does *not* include G Illuminated Toggles, GB Pushbuttons, GB Illuminated Plungers and GW Illuminated Paddles.

### Support Pin Surface Finish

FROM	TO
Tin Plating over Copper (Sn-Cu) Gray in Color	Gold Plating over Nickel (Au-Ni) Gold in Color
