Changes to Production for KB Illuminated Pushbutton Switches & Indicators

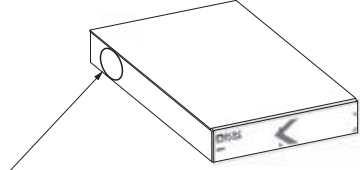

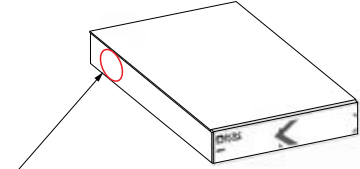

Production Revisions for
KB Illuminated Series

Type of Change:

- Engineering Part Number
 Product Appearance

1. There will be production changes for KB Series illuminated pushbutton switches and indicators. The place of manufacture will no longer appear on the products, and the NKK logo will be removed. The lot number on the switch will have a dot mark above the second digit. The box in which the devices are packaged for shipping will read "PHILIPPINES FACTORY" instead of "JAPAN FACTORY." All of these modifications will apply to standard, approved and custom KB illuminated pushbutton switches and indicators. The standard part numbers are on page 2.

	Identification	Logo	Lot Number	Shipping Box
Before Changes	"JAPAN" On Switch Case	Older NKK Logo 	Example of Lot Number with No Dot Mark 74	 "JAPAN FACTORY" printed on side of box
After Changes	"JAPAN" On Switch Case Removed	No Logo	Example of Lot Number with Dot Mark Above Second Digit 7 [•] 4	 "PHILIPPINES FACTORY" printed on side of box

Notes

There are no changes to KB Series dimensions or specifications.
 The location of the lot number on devices or location of manufacture on shipping boxes may vary depending on the part number.
 Contact the factory if more details are needed.

Effective Date

KB Series production changes will be effective December 2017.

Changes to UL Factory Code for Approved KB Illuminated Pushbutton Switches

Type of Change:

- Engineering Part Number
 Product Appearance

2 KB Series illuminated pushbuttons with UL approval will have a change on the switch case to include both standard and custom devices. Previously, the UL symbol appeared on the case with a factory code of “012” below the UL symbol. After the change, the code “080” will appear below it. The table illustrates the difference. Standard part numbers are shown below.

UL Factory Code	
Before Change	After Change
UL Approval & Factory Code 	UL Approval & New Factory Code 

Notes

There are no changes to KB Series dimensions or specifications.
 The location of the UL code on switch may vary depending on the part number.
 Contact the factory if more details are needed.
